At first I would like to congratulate to all organizers of this Championships to really successful event. I did not meet with any important problem concerning of organization of Tennis Championship.

I would like to emphasize positive moments:

- very friendly atmosphere, good accommodation, acceptable food
- appropriate social program, nice souvenirs for all participants (Certificate of participation, gifts from sponsors)
- coaches and managers of the teams introduced to use the system and program of the Championship in future as acceptable for ID athletes (Rules, Competition events and Category, Time-table etc - see attached Program).

Maybe what was a little problematic:

- accept the creating system of competition
- referees have to be more experienced and educated (English tennis terminology, etc.)
- chief judge have to speak English fluently.

Thank to all organizers for really professional work which have been done by all they prepared successful 1st European Tennis Championship. Special thank to the President of the Organizing Committee of the Championship - to Mr Josef Knepr and to Australian coach Mr Peter Smith for great help to organizers of the Championship.
